

Piazza

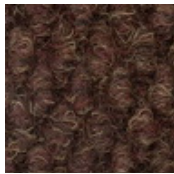

Matting can easily become a beautiful addition to any design. Piazza is an elegantly hand-tailored, all-weather durable matting that allows you to achieve both function and design. It can either be made for an inset install or as a free laying rug.

Piazza is offered as a solid or a graphic inlay matting. The color line contains 25 options that can facilitate most concepts.

Beautifully extend your branding to complementary matting in entries and lobbies. Your custom design elements, logos, and mascots are machine cut, pieced and inlaid together by hand. Our process ensures superior graphic representation that, unlike printed mats, will not fade or wear off.

Piazza is 100% ADA compliant, American-made polypropylene matting known for its durability, ease of installation, and fabulous vibrant color line. It can be used indoor or outdoor and is easily maintained.
